

HALLOWEEN SAFETY

Tricks to Treat Your Pets Well

Beware of frightful foods:

- Chocolate
- Raisins
- Macadamia nuts
- Xylitol-sweetened candies – can cause low blood sugar, seizures, or liver failure

Keep costumes safe

- If your pet hates dressing up, don't force it.
- Avoid costumes that restrict movement, breathing, vision, or hearing.

Create a safe haven in your home.

- Provide a quiet space with preferred toys and treats.
- Use calming products such as diffusers.
- Play classical music or turn on a TV.

Decorate safely

- Keep candles, cords, spiderwebs, glow sticks and costume accessories out of reach.

When in doubt, call our hospital or the Pet Poison Helpline at **855-764-7661.**

Halloween is the second most common holiday for pets to go missing.

- Make sure your pet has a collar with ID.
- Have your pet microchipped and update your contact information.
